Re: 68th Street Dump (aka Robb Tyler Landfill, Rosedale Landfill, Quad Avenue Dump, Industrial Enterprises, 68th Street Landfill, Chesaco Park Dump, and Colgate Pay Dump) (the "Site"), Rosedale, Maryland

Dear Sir or Madam:

The U.S. Environmental Protection Agency ("EPA") is seeking information concerning a release, or the threat of release, of hazardous substances, pollutants or contaminants into the environment at the 68th Street Dump Site ("Site").

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9604(e), EPA has the authority to require Tronox LLC (hereinafter "Tronox" or "your company"), to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14), pollutants and/or contaminants as defined by Section 101(33) of CERCLA, 42 U.S.C. Section 9601(33), which you transported to, stored, treated, or disposed of at the above-referenced Site (see Enclosure 4: Site Location Map).

CERCLA Section 104 authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. Section 1001. The information that you provide may be used by EPA in administrative, civil, or criminal proceedings.

Instructions for responding to this required submission of information are provided below.

INSTRUCTIONS

1. You are entitled to assert a claim of business confidentiality covering any part or all of the information you submit. If you desire to assert a claim of business confidentiality, please see Enclosure 1, *Business Confidentiality Claims/Disclosure to EPA Contractors & Grantees of Your Response*. You must clearly mark such information by either stamping or using any other form of notice that such information is trade secret, proprietary, or company confidential. To best ensure that your intent is clear, we recommend that you mark as confidential each page containing such claimed information.
2. Please provide a separate, detailed narrative response to each question, and to each subpart of a question, set forth in this Information Request. If you fail to provide a detailed response, EPA may deem your response to be insufficient and thus a failure to comply with this Information Request, which may subject you to penalties.
3. Precede each response with the number of the question or subpart of the question to which it corresponds. For each document or group of documents produced in response to this Information Request, indicate the number of the specific question(s) or subpart of the question(s) to which it responds.
4. Should you find at any time after submission of your response that any portion of the submitted information is false, misrepresents the truth or is incomplete, you must notify EPA of this fact and provide EPA with a corrected written response.
5. Any terms that are used in this Information Request and/or its Enclosures that are defined in CERCLA shall have the meaning set forth in CERCLA. Definitions of several such terms are set forth in Enclosure 2, *Definitions*, for your convenience. Also, several additional terms not defined in CERCLA are defined in Enclosure 2. Those terms shall have the meaning set forth in Enclosure 2 any time such terms are used in this Information Request and/or its Enclosures.

QUESTIONS

Please provide the following information:

1. EPA has obtained information during the course of its investigation indicating that the Kerr-McGee Chemical Co. ("Kerr-McGee") may have produced waste, which was disposed of at the Site, and/or disposed of waste at the Site referenced in this letter. Please provide the following information regarding all wastes and by-products produced by Kerr-McGee during the period 1950 to 1969:
 - a. The nature of each "waste" (as the term "waste" is defined in paragraph 6 of the definitions attached hereto) used including its chemical content, characteristics and physical state (i.e., liquid, solid, gas, or in the form of contaminated rags, cups, containers). Provide chemical analyses and Material Safety Data Sheets ("MSDS"). If these analyses are not available for the period 1950 through 1969, submit analyses for the time period closest to these dates and describe, in detail, any

changes in the process(es) in which these wastes were produced that would affect the chemical analyses;

- b. The annual quantity of each "waste" used and/or generated;
 - c. The process(es) in which each "waste" was used and/or the process(es) that generated each;
 - d. The types of containers used to treat, store and/or dispose of each "waste"; and
 - e. The method of treatment and/or disposal of each "waste."
2. Provide the names, titles, areas of responsibility, addresses and telephone numbers of all persons who, during the period 1950 to 1969, may have:
 - a. Disposed of and/or treated "waste" at the Site;
 - b. Arranged for the disposal and/or treatment of "waste" at the Site; and
 - c. Arranged for the transportation of "waste" to the Site (either directly or through transshipment points) for disposal and/or treatment.
 3. Describe the methods used by Kerr-McGee to dispose and/or treat "waste" during the period 1950 to 1969.
 4. If your response to Question 3 includes the contracting of a hauler and/or transporter to transport and/or dispose of wastes, explain the arrangements for those transactions and provide documentation that confirms the nature of those transactions.
 5. Did Kerr-McGee make arrangements with any of the following companies: Robb Tyler, Inc., Browning Ferris Industries, Inc., Modern Trash, Modern, Inc., North Point Trash Removal, Warren Parker Hauling, Refuse Disposal Inc., F.P.R. Bohager Company, Donald Siejack, Henry Siejack, Debris Disposal, Cross Efficient Trash Removal Service, Inc., F.A. If so, identify:

- a. Those companies with whom Kerr-McGee or such other persons, made such arrangements;
- b. Every date on which such arrangements took place;
- c. For each transaction, the nature and quantity of the "waste" including the chemical content, characteristics, physical state (i.e., liquid, solid), and the process for which the substance was used and/or the process that generated the substance;

- d. Precise locations at which each "waste" was disposed and/or treated;
 - e. The persons who selected the Site as the place at which "waste" was disposed and/or treated;
 - f. The final disposition of each of the "wastes" involved in such transactions; and
 - g. The names of employees, officers, owners and agents for each transporter and/or hauler.
6. For each and every instance in which Kerr-McGee arranged for disposal and/or treatment of "waste" at the Site identify:
- a. The characteristics, physical state (i.e., liquid, solid) and chemical composition of each "waste";
 - b. The persons who supplied them with "waste" material disposed and/or otherwise handled by them;
 - c. How such "wastes" were used, treated, transported, disposed and/or otherwise handled by them;
 - d. When and where such "wastes" were used, treated, transported, disposed and/or otherwise handled by them;
 - e. The quantity (number of loads, gallons, drums) of the "wastes" which were used, treated, transported, disposed and/or otherwise handled by them; and
 - f. Any billing information and documents (invoices, trip tickets, manifests) in your possession regarding arrangements made with Kerr-McGee to generate, treat, store, transport and/or dispose of "wastes" at the Site.
7. Provide the names, titles and areas of responsibility of all persons, including all present and former employees, who may be knowledgeable of Kerr-McGee's waste disposal practices, whether or not involving disposal at the Site, during the period 1950 to 1969. Include current addresses and dates of birth for former employees.
8. Describe all permits and/or applications and all correspondence between Kerr-McGee and all regulatory agencies regarding "wastes" transported to and/or disposed of at the Site.

11. If you have any information about other parties who may have information which may assist the Agency in its investigation of the Site and/or who may be responsible for the generation of, transportation to and/or release of contamination at the Site, please provide such information. The information you provide in response to this request should include each party's name, address, type of business and the reasons why you believe the party may have contributed to the contamination at the Site or may have information regarding the Site.
12. Are you the successor to all liabilities, including those under CERCLA, of Kerr-McGee?
13. If your answer to question 13 above is "no", describe in detail you and your predecessors' past and current relationship with Kerr-McGee and provide a response to the following:
